

Today, August 5, 2021 from 10:30 am to 2:00 pm at the Bois Blanc Island Museum

Alycia McKowen, St. Ignace Public Library Director, visited Bois Blanc Island and issued library cards to island residents. All residents who own property may receive a library card-so be sure to stop by the museum when Alycia visits in September.

Island residents can use the cards to access over 100,000 downloadable titles and place holds for physical items. The St. Ignace Library will personally deliver those holds when the director visits next.
