Dear Mrs. Akright,

This past fall I took over directing the Veterans Affairs office here in Mackinac County. The previous four years I was with Grand Traverse County Veterans affairs. I am accredited with National Association of Veterans Service Officers (NAVSO) and I too am a Veteran.

My first and foremost priority is to be an advocate for Veterans in our community, providing them the means to services and support they deserve. This includes VA Healthcare, Service-connected Disability, VA Pension, Spousal and Dependent Children Benefits, Financial Aid, and more. For Township Assessors I can provide support regarding Veteran Property Tax Waivers.

Would be happy come to a Township Board meeting and introduce myself and answer any concerns or needs your Township has. If you have Veterans who are unable to travel to the St. Ignace office, or our outreach locations in Engadine or Cedarville contact me. I would be happy to schedule a home visit.

If there is any concerns or questions you may have please feel free to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read "Michael Redmond".
