

NOTICE

1 August 2019

BOIS BLANC ISLAND HARBOR

BOIS BLANC TOWNSHIP

PARKING REGULATIONS

ARE YOU IN VIOLATION OF THE BOIS BLANC HARBOR PARKING REGULATIONS?

UNDER THE MOST RECENT UPDATE OF THE REGULATIONS THE MINIMUM FINE IS \$100. PLEASE UNDERSTAND THE REGULATIONS AND FOLLOW THEM TO AVOID A FINE.

Parking in the 48 hour parking area, which is most of the paved lot north of the cause walk and south of the main road, is allowed for vehicles, boats and trailers, but for 48 hours only within the entire lot, parking tickets will be issued under the new ordinance at a rate of \$100.

The new ordinance allows trailers, and boats on trailers, to be parked in that same area for 24 hours and vehicles for 48 hours. If you wish to park longer you have two options: A; park in the township parking lot North and across the road from the harbor lot, a seasonal permit from the township is required at a cost of \$50 per season, or B; park in the new, FREE, township parking lot West of the transfer station.

NOTE: 5 new 50' parking areas have been created on the North side of the harbor lot to accommodate larger boat trailers and vehicles, but for only a 24 hour period. The purpose of the new 50' spaces is for people with boats on trailers to be able to come to the harbor, unload their boat, use it for the day and then put it back on the trailer and take it back to their home/cottage, 24 Hours is the maximum a trailer attached to a vehicle can occupy one of the 50' spaces. These are not for single vehicle usage; the other spaces in the lot are for singles.

Please understand parking tickets will be issued under the new harbor ordinance at the new fees are a minimum \$100 for the first offence and minimum \$200 for subsequence parking violations, per township ordinance #3 of 2018. Thank you for your cooperation, BBI Harbor Master & Harbor Commission.
